product overview

With an HP Color LaserJet 8550 Series printer, anyone can produce professional materials easily and inexpensively, whether you are printing brochures, spreads, newsletters or postcards. HP Color LaserJet 8550 printers deliver the quality it takes to produce a professional image for you and your business, as well as let you print on a wide variety of media sizes and media-paper, transparencies, labels and envelopes. They can even print on both sides of the page. The new 200 MHz processor means you'll spend less time waiting for output. With a duty cycle of 60,000 pages per month, you can use them all you want. As part of the members of HP's color printer family, HP Color LaserJet 8550 Series printer is a complete network printing solution that can grow with your business. They feature the same winning service and support you can't get anywhere else. Best of all, they provide the unsurpassed reliability and versatility that make HP printers virtually hassle-free.

features

- 600 dpi resolution with HP Image Resolution Enhancement technology (ImageREt 2400) ensures outstanding print quality
- New Automatic Pantone Calibration for optimal color values matching
